### This year submitted more than **1,200 drawings from professional artists worldwide competition**

Each participating accounts sent within three drawings in with their interpretations of this year's theme. From there, the jury has now **selected 60 drawings** that have gone to the final. Here crowned a first-second and third place winner. First prize is in a There are 6 years built a strong tradition in Viborg for holding what may be called an unofficial World Cup Satire Drawing. Here bleak the best artists from around the world to produce the most impaling, forundringsvækkende and provocative drawings from a theme that the jury has selected.

**This year's theme of "artificial intelligence".**
